Capability Statement

www.globalgreenled.com

Global Green Corporation was established in 2008 as an Energy Audit and Lighting installation firm working thru out Europe, Mexico and the United States providing LED lighting to Electrical contractors, Lighting suppliers and multiple location Industrial Corporations. Our core business has been the end user for Industrial, Commercial, Hospitals, and Educational agencies to increase their energy efficiency. In 2020, the firm added PPE Safety Equipment to its product list.
